

July 2018 Engineering Committee Minutes

Wednesday July 11, 2018 7PM Studio One

Facilitator – Tom Hood

Minutes – Tom Hood

Kudos –Not enough room here!! Mike Johnston TieLine Bridge It config at Tower, Orban processor on the Oregon Community Media audio stream. Phil Biehl 950 STL from Waterfront site, config of new LiteBeam internet bridge to KBOO tent at WBF. Marc Weiner for morning and evening shifts at WBF. Scott Gould with CenturyLink DSL service to Waterfront

Engineering Committee Meeting Date Change ? Do we want to change the Engineering Committee Meeting date back to first Thursday of the month. Pros and cons discussed . Consensus was to move the regular monthly date back to first Thursday of the month. Note to Erin, we will need a new Boo Player spot reflecting this change.

Free Form Radio Install – Approval from Board of Directors allowed us to add an antenna extension on KBOO's roof antenna to accommodate Free Form Radio's transmitter now located in the KBOO Engineering rack. Arthur expressed thanks to KBOO.

HVAC – Reliable Mechanical has restored a motor on one of the rooftop compressors and returned it to service. This is the Thermostat outside of Engineering. There is more work to be done on another unit. Do we want to schedule a service call for the tower as we go into the hot weather? Discuss with Del.

KBOO Back Door – Frame has been squished. Repair to frame and new horn replacement for alarm. Mike Johnson and volunteer facilities person, John addressing this task.

Membership Drive Headsets for September Drive – Discussion with Mike Johnson concerning his conversation with Eric Wilson at BendTel and headset availability. In progress.

Membership Drive PC's – Membership is asking for 5 computers for data entry during the drive. Engineering has a few. Budget for additional purchases? Mark Wiener and Mike Johnson discuss physical logistics of workstations on the membership table. We are concerned about clutter.

P3 Phone Install – Mike Johnson and Jon Wolffert on project. In progress.

Waterfront Blues Debrief – Staff would like an official debrief with all principle players. To be scheduled soon. Informal discussion. KBOO ROCKED on the 950 CDLink ! Audio quality was superb.

Cathedral Park Jazz Festival – July 20th and July 21st - Need Crew. Load in Friday July 20th AM. Signed up volunteers to refer to Volunteer Coordinator for schedule. Remote gear is being repacked after WBF. Ready to go.

KBOO Block Party August 11th 2018 – Kipp reaches out for support and advice concerning audio systems, electrical requirements and other logistics aspects of the Block Party. Looking for Volunteer audio engineers. Tom to set up remote equipment near stage to send audio inside the station for broadcast.

The next Engineering Committee meeting date to be Thursday August 2nd 2018 Studio One 7PM
